## **Editorial Review**

### **About the Author**

A native of Southern California, Christine Pope has been writing stories ever since she commandeered her family's Smith-Corona typewriter back in the sixth grade. Two of her short stories have been nominated for the Pushcart Prize. Christine writes as the mood takes her, and her work includes paranormal romance, fantasy romance, and science fiction/space opera romance. She blames this on being easily distracted by bright, shiny objects, which could also account for the size of her shoe collection. After spending many years in the magazine publishing industry, she now works as a freelance editor and graphic designer in addition to writing fiction. She fell in love with Sedona, Arizona, while researching the Sedona Trilogy and now makes her home there, surrounded by the red rocks. No alien sightings, though...not yet, anyway!
