[(Religion and Its Monsters)] [Author: Timothy K. Beal] published on (December, 2001) By Timothy K. Beal

Religion's great and powerful mystery fascinates us, but it also terrifies. So too the monsters that haunt the stories of the Judeo-Christian mythos and earlier traditions: Leviathan, Behemoth, dragons, and other beasts. In this unusual and provocative book, Timothy K. Beal writes about the monsters that lurk in our religious texts, and about how monsters and religion are deeply entwined. Horror and faith are inextricable. As monsters are part of religious texts and traditions, so religion lurks in the modern horror genre, from its birth in Dante's *Inferno* to the contemporary spookiness of H.P. Lovecraft and the *Hellraiser* films. *Religion and Its Monsters* is essential reading for students of religion and popular culture, as well as any readers with an interest in horror.
