**Repeatlessness** By Dr. Joe Marshalla

**Are you inspired by the process of an ever-renewable life?**, Are you inspired by a life of new beginnings rather than the inevitable product of your past?

Repeatlessness is an expedition into the human condition as well as an owner's manual for the human mind.

The book explores our common humanity: our shared beliefs and philosophies, our psychological and spiritual practices as well as the nature of the human mind and what obstructs the fluidity of thought. It considers the source of our emotions, how to develop happiness, and how to understand our beliefs and choices.

Dr. Marshalla offers his readers guidance in how to develop a new selective process or "filtering system" to best utilize our past and present in order to achieve a life of Repeatlessness.

Repeatlessness explains in lay terms how the mind works. The premise and practical application of its mind management tools, offer a fresh perspective on human psychology and spirituality.

The beauty of Repeatlessness is that it is a way of thinking that is all-inclusive. It is a path to all paths. It is a new way to perceive the world that actually embraces everyone and everything and at the same time allows for everyone to keep to his or her own spiritual focus.
