Come the Morning (Graham Clan Book 1) By Heather Graham

A battle of wills is ignited when a Viking's daughter is forced to marry a Scottish warrior knight

During a bloody borderland skirmish, thirteen-year-old Waryk de Graham wields his slain father's sword and vanquishes the Norman enemy. Ten years later, with King Henry I dead and the English succession in chaos, Waryk, the newly knighted Laird Lion, is once again fighting for his Scottish homeland—this time against Normans and Vikings alike. But it is for the heart of one extraordinary woman that the great warrior will wage his fiercest battle.

The daughter of a Gaelic noblewoman and a Viking warlord, proud, independent Lady Mellyora MacArdin of Blue Isle is a formidable swordswoman who yields to no man. When Scotland's King David decrees that she marry the war-scarred knight Waryk in order to keep the Viking island secure for his kingdom, she defiantly rebels.

Come the Morning is the first novel in Heather Graham's medieval Scottish series that introduces the Graham clan, Gaelic-speaking Lowlanders who fight with their Highland brethren for the country they love.

This ebook features an illustrated biography of Heather Graham, including rare photos from the author's personal collection.

Editorial Review

From Publishers Weekly

Prolific historical romance author Drake's (The King's Pleasure) hardcover debut is a swashbuckling tale of warring factions in 12th-century Scotland. It chronicles the coming-of-age of a young nobleman whose feats of bravery earn him a royal but troublesome marriage. During a borderland battle, 13-year-old Waryk de Graham uses his father's sword to impale the last standing enemy, a Norman lord, as his father and uncle lie dead. Scottish King David has seen the act, and assumes guardianship of the robust boy. Ten years later it is 1137 A.D., the English monarchy is in chaos and Scotland is wary of attack from the Vikings and Normans. The king summons Lady Mellyora MacArdin of Blue Isle, whose father has recently died, to the Scottish royal seat of Stirling. In a strategic move to keep the Viking island secure for his kingdom, he has arranged for Mellyora to marry Sir Waryk, now his most respected warrior knight. She defiantly objects to the marriage, since she is already in love; while Waryk is equally dismayed, having been poised to wed his beautiful mistress. The narrative follows the war of wills between calmly intelligent, war-scarred Waryk, who accepts the king's command, and wily, irate Mellyora, who is trained in swordsmanship and repeatedly tries to escape to her utopian Blue Isle. Waryk is faster, but his expertise in outwitting the enemy is tested by this Viking sprite. Drake's characters are richly detailed; their romantic interplay is set among the vividly rendered skirmishes and treachery of medieval Scotland.

Pseudonymous Drake's first hardcover novel, a fictional account of the life of the first Graham, Waryk de Graham, Laird Lion, hits close to home, since Drake is actually Heather Graham/Heather Graham Pozzessere. It all begins when a dazed young Waryk is knighted for his courage on a blood-soaked battlefield in the Borderlands of Scotland while mourning the loss of all his kin. King David declares him his champion and eventually offers him prosperous Blue Isle. But there's a catch: David must marry heiress Mellyora MacArdin, a Viking's daughter. Mellyora is outraged that she will not have control of her own destiny, but Waryk is ruthlessly determined to have her home with or without her. Amid a tangle of lies, treachery, and obvious villainy, these two strong-willed people must come to terms so that there can be peace throughout the land. Fans of Johanna Lindsey's medieval and Viking novels will relish this tale, the first novel in a proposed series about the Graham clan. *Melanie Duncan*

From Kirkus Reviews

Hardcover debut by Drake, who also writes contemporary and historical romances as Heather Graham and Heather Graham Pozzessere. In this first of a series a chronicle about the Graham family of Scotland's Highlands that begins in the 12th century Waryk de Graham, knighted as Lord Lion, sides with King David to repel the Norman, English, and Viking invaders. His reward is an arranged marriage with headstrong, wayward, immature Mellyora MacArdin, daughter of a Viking and a Gaelic noblewoman. Both bride and bridegroom are reluctant: he had hoped to marry his longtime mistress; she wants only to be a warrior defending the land of her ancestors. Like the shrewish Kate and lordly Petruchio, the two battle constantly knives, oars, and fists are among the preferred weapons before discovering the futility of resisting the king's decree. The author plays out this contrarious conjunction ("I'll see you in hell!" she whispered) for all it's worth, on and on and on, until morning comes and love breaks through their mutual belligerence hundreds of pages later. Drake makes no effort to expand the genre, but appends a chronology of Scottish history, an endnote lengthily praising her Scottish-American father, and the first chapter of her sequel, *Conquer the Night*, about another Graham generation.
