Differential Diagnosis in Dermatology, 4th Edition By Richard Ashton, Barbara Leppard, Hywel Cooper

Fully updated and revised, **Differential Diagnosis in Dermatology, Fourth Edition** has been greatly expanded and now includes entirely new chapters on specific areas such as mouth, tongue, lip and ear problems, acute erythematous rashes of the trunk and limbs, chronic erythematous rashes and lesions, and non-erythematous lesions. It also now includes an invaluable classification of topical steroids by potency.

Chapters are divided into different body areas, and possible diagnosis can be made by reading through the text or looking through the photographs.

It is a highly effective guide to dermatological diagnosis in the surgery or clinic, taking the reader through the process of diagnosing skin disease, from the basic biology of skin, history taking, describing skin lesions and carrying out special investigations.

With well over 750 illustrations, this full-colour book combines excellent clinical photography with practical text and clear diagrams throughout.

Jennifer Day:

As a scholar exactly feel bored to reading. If their teacher inquired them to go to the library or to make summary for some guide, they are complained. Just minor students that has reading's soul or real their passion. They just do what the trainer want, like asked to the library. They go to there but nothing reading really. Any students feel that reading is not important, boring along with can't see colorful pics on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this Differential Diagnosis in Dermatology, 4th Edition can make you feel more interested to read.
