Intercultural Management: A Case-Based Approach to Achieving Complementarity and Synergy By Christoph Barmeyer, Peter Franklin

How can organizations and individuals manage intercultural challenges and benefit from diversity?

Intercultural Management is about managing across cultures: the difficulties and opportunities it brings and the competencies needed to handle the situations and create solutions. Applying a constructive approach, this book demonstrates how cultural diversity can be used as a resource to generate synergy and complementarity. Bringing together a collection of innovative case studies on a wide range of management topics it examines the issues in international management, helping the reader to explore theory in the context of real-life situations.

Key features:

- Includes contributions from leading academics and practitioners.
- Helps the reader develop core management competencies.
- Presents authentic international case studies from a range of countries including central and Eastern Europe as well as the Asian economies.
- User-friendly structure with solutions on a dedicated companion website.

Editorial Review

Review

'Rather than experiencing cultural differences as threats to be overcome, Barmeyer and Franklin challenge the reader to experience and enjoy the richness of cultural diversity with in-depth case studies that go beyond stereotypical representations of cultural differences. This book is not only a valuable resource for cross-cultural management scholars and educators, but also a useful addition to any executive's library.' - Günter Stahl, Vienna University of Economics and Business, Austria

'Intercultural Management addresses one of the most important issues of the 21st century: how people from around the world can work well together. It is not a question of merely recognizing differences, but rather leveraging and appreciating global diversity. Franklin and Barmeyer guide readers through the complexities of human dynamics and offer much needed analysis and advice.' – Nancy J. Adler, McGill University, Canada

'For the first time, a book that brings together theory, practice and reflective application homogeneously. The succinct approach and clarity of thought makes for an ideal resource for both students and academics alike.' – Meena Chavan, Macquarie University, Australia

'For too long the treatment of culture in management research and education has remained detached from work place settings. At last we have a well-conceived, ground-breaking book that is replete with solution-oriented, up-to-date cases for students and practitioners.' – Nigel Holden, Leeds University Business School, UK

'This is the perfect text for students and researchers who require case studies which treat culture as a complex and contextual influence. They present entertaining and engaging scenarios which get to the heart of the role of culture in today's transnational business environment and encourage the reader to explore and question a wide variety of managerial dilemmas.' – Fiona Moore, Royal Holloway, University of London, UK

'Finally, a management book on culture that doesn't reduce this important concept to simplistic, wholistic, nomothetic, value-based dimensions that do more harm than good in guiding intercultural interactions! Taking a dynamic, non-North American perspective, this book goes far in offering authentic, reflective, and practical guidance for practitioners as well as academics who want an up-close and genuine understanding of the culture in today's complex global business context.' – Mary Yoko Brannen, University of Victoria, Canada

'This book is a very valuable resource on culture in management - the texts, cases and examples are highly insightful not only for students, but also for executives. The book helps readers on their journey towards improving intercultural competencies.' – Stefan Schmid, ESCP Europe Business School, Germany

Users Review

From reader reviews:

Donovan Pena:

Spent a free time for you to be fun activity to perform! A lot of people spent their spare time with their family, or their particular friends. Usually they carrying out activity like watching television, likely to beach, or picnic within the park. They actually doing same task every week. Do you feel it? Would you like to something different to fill your current free time/ holiday? May be reading a book is usually option to fill your cost-free time/ holiday. The first thing that you ask may be what kinds of publication that you should read. If you want to try look for book, may be the publication untitled Intercultural Management: A Case-Based Approach to Achieving Complementarity and Synergy can be fine book to read. May be it may be best activity to you.

Walter Harman:

Precisely why? Because this Intercultural Management: A Case-Based Approach to Achieving Complementarity and Synergy is an unordinary book that the inside of the book waiting for you to snap this but latter it will distress you with the secret that inside. Reading this book adjacent to it was fantastic author who all write the book in such remarkable way makes the content interior easier to understand, entertaining way but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This excellent book will give you a lot of rewards than the other book have such as help improving your skill and your critical thinking technique. So , still want to postpone having that book? If I had been you I will go to the e-book store hurriedly.

Martha Holt:

Your reading sixth sense will not betray a person, why because this Intercultural Management: A Case-Based Approach to Achieving Complementarity and Synergy publication written by well-known writer whose to say well how to make book which can be understand by anyone who have read the book. Written within good manner for you, dripping every ideas and writing skill only for eliminate your personal hunger then you still hesitation Intercultural Management: A Case-Based Approach to Achieving Complementarity and Synergy as good book not simply by the cover but also by content. This is one guide that can break don't evaluate book by its handle, so do you still needing another sixth sense to pick this particular!? Oh come on your studying sixth sense already said so why you have to listening to a different sixth sense.

Sharon Lopez:

You could spend your free time to read this book this book. This Intercultural Management: A Case-Based Approach to Achieving Complementarity and Synergy is simple to bring you can read it in the park, in the beach, train and soon. If you did not include much space to bring typically the printed book, you can buy the

actual e-book. It is make you quicker to read it. You can save the book in your smart phone. Thus there are a lot of benefits that you will get when you buy this book.
