### Winner of the 2010 International Book Awards in Self-Help

Larry Crane has been showing people from all walks of life how to achieve their fullest potential for over 30 years. Thousands of people have experienced success in every area of their life far beyond what they could have imagined by doing what Larry has shown them.

Larry Crane's Release Technique is simple and provable. It changes lives.

Larry is a renowned expert on success and love. The two go hand in hand. He shows you how to be successful and have abundance of everything by Loving Yourself.

For over 30 years Larry has been showing people what love really is, where to get love, and how to have love once you know where it is. For Larry, it's all about results. "It's not what you say, it's what you do," are words Larry often repeats. "Talking about love, talking about what love is, talking about how to be loving is not the answer," says Larry. "Actually doing it is the answer. Doing it, not talking about it."

This book shows you how to do it, how to Love Yourself and reap the rewards, financial, health, relationships, whatever your heart desires. You can have it all when you know how to Love Yourself. As Larry frequently says, "There are no impossible's." This book de-mystifies true love. This book is a manual of love from a man who has dedicated his life to showing people what love is, how to be living and how that translates to success in every area of your life.
