**The Boss: Billionaire Romance (Managing the Bosses) (Volume 1)** By Lexy Timms

From Best Selling Author, Lexy Timms, comes a billionaire romance that'll make you swoon and fall in love all over again. Jamie Connors has given up on finding a man. Despite being smart, pretty, and just slightly overweight, she's a magnet for the kind of guys that don't stay around. Her sister's wedding is at the foreground of the family's attention. Jamie would be fine with it if her sister wasn't pressuring her to lose weight so she'll fit in the maid of honor dress, her mother would get off her case and her ex-boyfriend wasn't about to become her brother-in-law. Determined to step out on her own, she accepts a PA position from billionaire Alex Reid. The job includes an apartment on his property and gets her out of living in her parent's basement. Jamie has to balance her life and somehow figure out how to manage her billionaire boss, without falling in love with him. \*\* The Boss is book 1 in the Managing the Bosses series. All your questions won't be answered in the first book. It may end on a cliff hanger. For mature audiences only. There are adult situations, but this is a love story, NOT erotica.
