Editorial Review

From Publishers Weekly

With 6500 entries, *Disney A to Z: The Official Encyclopedia*, edited by Dave Smith, chief archivist for 25 years at the Walt Disney Archives, it hardly seems possible that anything has been left out. Each of the 128 Donald Duck cartoons is described; the voices of the cartoon characters are identified; the tale of how Mortimer came to be called Mickey is related; and a selected bibliography is included, going back to 1942 books. There are b&w photos throughout, plus an eight-page color insert. (Hyperion, \$29.95 576p ISBN Copyright 1996 Reed Business Information, Inc.)

From Library Journal

With the public's never-ending interest in Walt Disney the man, the company, and the phenomenon, there is no lack of published materials on the subject. This official Disney Archives publication, however, is unique in its treatment of multiple aspects of the Disney empire. Compiled to help archivists answer telephone questions, the articles are generally brief but offer significant technical information like release and opening dates for films and lists of cartoons in series. Walt Disney, Mickey Mouse, and recent company films merit longer discussions. Entries are arranged alphabetically and cover the company's TV and movie releases; key company personnel; an abundance of information on parks, resorts, and attractions; and even stores and parades. Biographies provide titles and dates of Disney productions or dates of employment but no personal information. Smith, founder of the Disney Archives and coauthor of *The Ultimate Disney Trivia Book* (Hyperion, 1993), has crafted a trivia-seekers' treasure. For most public and academic collections in the performing arts.

Kelli N. Perkins, Herrick P.L., Holland, Mich.
