“Ken Heinzl provides an excellent look at many of the most important aspects of the job search, from the very basics to using sophisticated skills to advance one's career. I wish I had this book years back, as it would have been a great resource when I was a job developer, placement manager, workforce planning and recruitment manager, and of course as a job seeker. Considering the current job search situation today, this will be a bible for many.”

– Frank Tastevin, Manager of Workforce Planning & Recruitment, University of California at San Francisco (retired)

“What Ken Heinzl offers, and what I have not found in any other book, is a demystification and deconstruction of the job interview seen from the vantage

point of an executive recruiter who was also a college professor. It provides a wealth of information on just what to do to get and succeed in the interview as well as the biggest mistakes students tend to make in interviewing and how to avoid them. What really brings the book alive are Ken's real-life examples, most drawn from his own extensive experience. For the first-time job seeker it deals with the pitfalls, fears, and self-doubts, while sharing advice on just what they must do in order to overcome any obstacles."

— Robert H. Girling, Ph.D., Professor in the School of Business and Economics at Sonoma State University. His latest book is **The Good Company** (Hill Press, 2012).

"A very practical, hands-on guide to help you land a job that matches your interests and strengths. A must-read for recent college grads and those finding themselves back in the marketplace after being with one employer for a long time. **Private Notes of a Headhunter** is an easy read and packed with a lot of great information. I value the direct, no bull approach to the subject, the real-life examples and wealth of experience Ken Heinzel provides ... Very impressive!"

— Clyde Stutts, Ph.D, Executive Vice President, DHR International Executive Recruiters
