**Selected Readings in Korean (KLEAR Textbooks in Korean Language)** By Ho-min Sohn, Heisoong Yang

The first advanced Korean reading text for non-native speakers, *Selected Readings in Korean* consists of eighteen lessons on diverse, stimulating topics such as Korean traditions, culture, and society. It is designed for use by students who have completed the fourth-year level in Korean (approximately five hundred class hours) or the equivalent.

Each lesson consists of six sections: prereading group activities, which not only serve as a schema for efficient comprehension of the reading text to follow, but also help students broaden their relevant knowledge; an authentic main reading text on an informative and interesting topic; explanations in Korean and English of words that may be unfamiliar to students, including words indicating abstract or culture-specific concepts; explanations of idiomatic expressions; extensive exercises intended to help students master the contents of the text, new vocabulary, and grammar while improving their composition and oral presentation skills; and post-reading activities designed to further thinking and group discussion on subjects related to the main topic of the lesson.

Appended are translations of the main reading texts of all eighteen lessons and a Korean-English glossary. Overall, special effort has been made to render the volume learner-centered and learner-friendly.
