### Editorial Review

From the Back Cover

**Make It Your Business to Learn Business Math. Here's the fast and easy way!**

Keep your business running in tip-top shape with a firm grasp of the business math required for day-to-day transactions. Whether you need to calculate sales tax or keep records of inventory, experienced math instructor Allan G. Bluman provides a painless and effective approach to mastering the mathematical skills necessary for today's business world.

With *Business Math Demystified*, you master the subject one simple step at a time -- at your own speed. This unique self-teaching guide offers a quiz at the end of each chapter to pinpoint weaknesses and a 75-question final exam to reinforce the entire book.

**Become a savvy business owner or manager with *Business Math Demystified*:**

- Follow the standard curriculum of business math courses
- Easily master basic business mathematics concepts
- Supplement your college studies with this self-study guide and decipher complex terms in an easy-to-read format
- Learn how to calculate the markup, sales tax, and discount on items sold
- Get through lengthy computations with the sections on using a scientific calculator
- Understand depreciation, inventory, promissory notes, financial statements, stocks and bonds, and more

Whether you want help in operating a profitable retail business or need to get through that business math course, *Business Math Demystified* is the perfect shortcut.

### About the Author

**Allan G. Bluman** taught mathematics and statistics in high school, college, and graduate school for 39 years. He received his Ed.D. from the University of Pittsburgh and has written three mathematics textbooks published by McGraw-Hill, as well as the hugely popular *Pre-Algebra Demystified*, *Probability Demystified*, and *Math Word Problems Demystified*. Dr. Bluman is the recipient of an "Apple for the Teacher" award for bringing excellence to the learning environment and the "Most Successful Revision of a Textbook" award from McGraw-Hill. His biographical record appears in *Who's Who in American Education*, 5th edition.

### Users Review

**From reader reviews:**

**Eva Dawson:**

Information is provisions for individuals to get better life, information currently can get by anyone on everywhere. The information can be a information or any news even restricted. What people must be consider while those information which is from the former life are challenging be find than now is taking seriously which one is appropriate to believe or which one typically the resource are convinced. If you receive the unstable resource then you get it as your main information it will have huge disadvantage for you. All of those possibilities will not happen within you if you take *Business Math Demystified* as the daily resource information.

**Megan Fairbanks:**
