Lucille: The Life of Lucille Ball By Kathleen Brady

Lucille: The Life of Lucille Ball is an entertaining, informative, scholarly, and fascinating biography of one of the most revered actresses in television history. Moving beyond the typical celebrity bio, author Kathleen Brady separates the actress from Lucy Ricardo, the antic, enduring character she created on *I Love Lucy*.

Brady is the only biographer to have spent extensive time in Jamestown, New York, Lucille Ball's hometown, where she interviewed Ball's childhood friends. Other interviews for the book included family, employees, Bob Hope, Katharine Hepburn, Ginger Rogers, Milton Berle, Maureen O'Hara, Maxine Andrews of the Andrews Sisters, and the late chairman of CBS Bill Paley. Kathleen Brady's definitive biography presents a human Lucille Ball the fans have never known: the would-be showgirl in New York, fired almost as soon as she was hired because she was too flat-chested and mousy; her great love for Desi Arnaz, their tempestuous marriage, the day she thought she had killed him with a hammer, and the incident that ended their marriage; Lucille as head of Desilu Studios, overriding the advice of her most trusted executives and agreeing to green light the pilots of *Star Trek* and *Mission Impossible*; and her run-in with the House on Un-American Activities Committee and fears of being black-listed.

Brady reveals that Lucille Ball's life was a roller coaster, going from disaster to victory and triumph to tragedy. As a young woman, Ball believed that she had to work hard to make people like and appreciate her. As a star, she felt she had to work hard to maintain her popularity, and was also conscious that what her fans wanted from her was not herself, but Lucy Ricardo.

Of the first edition of this book, published by Hyperion in 1994, critic Molly Haskell wrote: "It's a beautiful portrait of someone with enormous talent as an entertainer and heartbreaking fragility as a woman. In giving Lucille Ball the serious appraisal she deserves, Kathleen Brady has really gotten behind the scenes and the cameras to provide an invaluable chronicle of several areas and eras of show business."

New to this edition of Lucille is an introductory essay focusing on the place of the character of Lucy Ricardo in the history of comedy, going back to the traditions of the Italian commedia dell'arte and forward to the end of the 20th

century. In this essay, Lucille Ball is compared to other key female figures in comedy like Mabel Normand, Mae West, Frannie Brice, Gilda Radner, and Fran Drescher. As the author writes, "Lucille Ball was a revolutionary figure because Lucy Ricardo was the first female character to combine the knock-about physical comedy of vaudeville and music halls (and 15th century carnivals) while being beautiful, feminine, and sweetly appealing." This edition also includes many new photographs from various sources.

Editorial Review

From Publishers Weekly

Featured mainly in B-movies in the 1930s at RKO, leading lady in several MGM films in the '40s, Lucille Ball was never a "star," but she became the Queen of TV with *I Love Lucy*, first aired in 1951. In this evenhanded, serious look at America's beloved comedienne, Brady describes how, under Buster Keaton's tutelage, Ball developed her talents, and how her husband's womanizing led her to conceive the TV series "because it would keep Desi at home." Brady's biography is a narrative roller coaster veering from heartache to terror to triumph as she depicts Ball as actress, wife, mother and producer. The terror occurred during the McCarthy era, when she was investigated-then cleared-by HUAC. Desi Arnaz is shown as an astute businessman who, in tandem with his wife, became successful enough to buy the studio where their series was produced, Desilu Studios. Ball's outrageous behavior after her last series, *Here's Lucy*, ended in 1974 and her struggle against aging are recounted in doleful detail. Ball died in 1989 at the age of 78 but, as Brady remarks, "Lucy Ricardo" achieved eternal life. Fans will appreciate the profusion of *I Love Lucy* lore and trivia. Brady is co-chair of New York University's Biography Seminar. Photos.

From Library Journal

More than 40 years after the show's premiere, *I Love Lucy* reruns on television still attract a devoted following. Because of this interest, more than half a dozen books have been published during the past 15 years about the show itself or about Ball and husband Desi Arnaz. As a result of Brady's focus on Ball, more time is spent with her lesser-known (but hardly undocumented) film career, and the *I Love Lucy* show doesn't appear until halfway through her narrative. Still, there's not a lot of difference between this book and Warren G. Harris's *Lucy & Desi* (LJ 9/1/91) or Coyne Steven Sanders and Tom Gilbert's *Desilu* (LJ 1/93). All three books present the same basic facts, and all are well researched and well written. Buy only according to demand.

From Booklist

Lucille Ball was the quintessential hardworking, wisecracking gal who knocked herself out to get a break, caught fame's shooting star, and rode it for all it was worth. Meanwhile, she worked herself harder than a Horatio Alger hero, becoming an extremely successful businessperson who suffered the now-familiar distancing from her children, who later said they couldn't remember her ever just playing with them. The first TV megastar, Ball became so familiar that her nickname, Lucy, instantly brought her to mind. Her offscreen persona was the antithesis of the TV Lucy, though, and after a while, she wasn't even Lucy on TV anymore. Yet the show, the drive, and the grind kept going, for the money kept rolling in. Eventually, her enjoyment of it all evaporated as the toll of her stormy marriage to Desi Arnaz and the problems of her children, whose entertainment careers she tried to start and manage, mounted. Ball's life is a captivating, ultimately cautionary tale; its similarity to the plot of a showbiz potboiler makes it all the more appealing.

Users Review

From reader reviews:

Matthew Venegas:

What do you about book? It is not important along with you? Or just adding material when you require something to explain what you problem? How about your extra time? Or are you busy man or woman? If you don't have spare time to try and do others business, it is make one feel bored faster. And you have time? What did you do? Every person has many questions above. They should answer that question due to the fact just their can do that will. It said that about reserve. Book is familiar in each person. Yes, it is proper. Because start from on pre-school until university need this Lucille: The Life of Lucille Ball to read.

Phyllis Richards:

This Lucille: The Life of Lucille Ball are generally reliable for you who want to certainly be a successful person, why. The reason of this Lucille: The Life of Lucille Ball can be on the list of great books you must have will be giving you more than just simple reading food but feed a person with information that maybe will shock your prior knowledge. This book is actually handy, you can bring it just about everywhere and whenever your conditions in e-book and printed ones. Beside that this Lucille: The Life of Lucille Ball forcing you to have an enormous of experience including rich vocabulary, giving you demo of critical thinking that we understand it useful in your day task. So , let's have it appreciate reading.

George Gomez:

Is it a person who having spare time subsequently spend it whole day by watching television programs or just lying down on the bed? Do you need something new? This Lucille: The Life of Lucille Ball can be the respond to, oh how comes? A book you know. You are thus out of date, spending your spare time by reading in this completely new era is common not a geek activity. So what these publications have than the others?

Luis Hahn:

As a student exactly feel bored to be able to reading. If their teacher expected them to go to the library or to make summary for some publication, they are complained. Just little students that has reading's internal or real their passion. They just do what the instructor want, like asked to go to the library. They go to there but nothing reading really. Any students feel that examining is not important, boring as well as can't see colorful images on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this age, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this Lucille: The Life of Lucille Ball can make you experience more interested to read.
