## Editorial Review

### Review

"Just when I was beginning to think that there are too many companion volumes in the world, I have read one that is pure delight. Political theology is a hot topic, and this book is required reading for it ... It is a book of books." *Stephen H. Webb, Wabash College, Indiana*

"An excellent resource for both teaching and research, this anthology is recommended for every theology library." *Daniel J. Kuntz, Brescia University, Owensboro*

"This is a very important, pioneering book, full of scintillating arguments and fresh insights. It is likely to redefine political theology for a new generation, and arouse a great deal of useful and vigorous debate. It will be an indispensable stimulus and resource for students and scholars concerned with the bearing of Christian theology on the political and public sphere." *Duncan Forrester, University of Edinburgh*

"The strength of the collection lies in part two, a state-of-the-art summary of political theologies. The usefulness of companion, suitable for seminary libraries, is enhanced by an index of names and subjects and an index of biblical references."

*Timothy D. Lincoln  
Austin Presbyterian Theological Seminary*

### From the Back Cover

Written by a team of international experts, this *Companion* provides the first comprehensive survey and interpretation of contemporary Christian political theology.

The *Companion* comprises 35 freshly commissioned essays that embody the best current thinking in the field. These essays:

- explore the political aspects of Christian sources such as scripture and liturgy
- consider the interface of theology with political ideologies, including the contribution of theology to feminist, ecological, black, and pacifist movements
- assess the contribution of major political theologians and theological movements
- indicate how central Christian doctrines such as the Trinity and atonement have politics embedded within them
- show how theology impacts upon present-day political issues.

The contributors are drawn from various traditions of political theology, but all of them demonstrate that Christian theology is inherently political, and that politics is properly illuminated by Christian perspectives.
