Ferri's Practical Guide: Fast Facts for Patient Care E-Book By Fred F. Ferri

For nearly 25 years, Ferri's **concise, pocket-sized resource** has served as **the go-to reference for practical, clinical information** among students, residents, and other medical professionals. Formerly known as *Practical Guide to the Care of the Medical Patient*, this volume continues to provide a **fast, effective, and efficient** way to identify the important clinical, laboratory, and diagnostic imaging information you need to get through your internal medicine clerkship or residency.

- **Consult this title on your favorite device**, conduct rapid searches, and adjust font sizes for optimal readability.
- Benefit from the expert guidance of Dr. Fred Ferri, a leading teacher, clinician, and author.
- **Confidently manage patients** with the latest clinical information, drug therapies, and lab tests.
- **Apply the latest knowledge and techniques** with this updated and streamlined title, which still stays true to the Ferri name.
- **Quickly find important information** with content organized into three major sections: **Section I**, titled "Surviving the Wards," contains information on charting, laboratory evaluation and formulary; **Section II** provides the differential diagnosis of common signs and symptoms likely to be encountered in the acute care setting; **Section III** has been completely revised and subdivided into 11 specialty specific diseases and disorders.

Editorial Review

Review

"This is a pocket-sized reference book of information that residents would need to have readily at their fingertips." -Vincent F Carr, DO, MSA, FACC, FACP(Uniformed Services University of the Health Sciences) **Doody Review: 89/100**

"For UK medical students and doctors, this handbook is informative and detailed but does often not reflect national guidance and established practice. It is therefore mainly useful for those planning an elective or clinical work in the USA or countries with a similar approach to health care". **Reviewed by:** Jacob F de Wolff, Northwick Park Hospital, Middlesex on behalf of British Journal of Hospital Medicine **Date:** October 2014

Users Review

From reader reviews:

Jeremy Scott:

Exactly why? Because this Ferri's Practical Guide: Fast Facts for Patient Care E-Book is an unordinary book that the inside of the e-book waiting for you to snap the item but latter it will shock you with the secret it inside. Reading this book alongside it was fantastic author who write the book in such wonderful way makes the content interior easier to understand, entertaining approach but still convey the meaning completely. So , it is good for you because of not hesitating having this ever again or you going to regret it. This phenomenal book will give you a lot of benefits than the other book possess such as help improving your talent and your critical thinking approach. So , still want to postpone having that book? If I had been you I will go to the guide store hurriedly.

Carla Arbogast:

Playing with family in a park, coming to see the marine world or hanging out with good friends is thing that usually you will have done when you have spare time, subsequently why you don't try factor that really opposite from that.
