The Beast of Noor By Janet Lee Carey

Now in paperback along with its sequel, what *Booklist* calls “an eerie, atmospheric tale, full of terror and courage, set in a convincingly realized magical realm.”

*Do not wander in the deeps where the Shriker's shadow creeps.
When he rises from beneath. Beware the sharpness of his teeth.*

For over 300 years, a monster known as the Shriker has roamed Shalem Wood, terrorizing the villagers who live on its edges and slaughtering those unfortunate enough to wander on to his path. The people of Noor have lived in fear for so long that most of them have forgotten that once upon a time the Shriker was just a loyal dog, until the day when he was cruelly betrayed by his master and cursed to live a bloodthirsty life, always seeking revenge for the fate his owner dealt him. But Miles and Hanna Ferrell have not forgotten where the Shriker came from--how could they? It was their ancestor who betrayed the dog...

A tale of terror and magic that channels Sir Arthur Conan Doyle's *The Hound of the Baskervilles*, *The Beast of Noor* tells the story of two siblings determined to set their family free and break the curse of the Shriker or die trying.

Editorial Review

From School Library Journal

Grade 5-8—Miles and Hanna Ferrell live near Shalem Wood where a beast known as the Shriker has been attacking villagers for 300 years. Everyone knows his story—he was once a faithful dog betrayed by his owner, given to an evil master (another Ferrell), and cursed to kill at the time of the dark moon. Miles is determined to break the curse and win the admiration of the town. It doesn't take long for him to get in over his head, and meek, quiet Hanna has to overcome her shyness if she is to save him. Or, will the siblings just become two more of the beast's victims? The story has plenty of intrigue and danger, and the characters are realistically drawn. While well written, the plot is just a tad predictable, which, in fact, adds to its charm as the novel reads almost like a fairy tale, with the same rhythms and the same etiquette. Recommend it to lovers of (very mild) horror and suspense or to those who enjoy old-fashioned fairy tales. All in all, a fun read.—*Saleena L. Gr. 6-9. The Sheens have always been considered outsiders because legend has it that a Sheen brought a monstrous dog, the Shriker, to the woods 300 years ago. Although the beast disappeared for a long time, it has begun to return in search of human prey, and when a local girl's bones are found in the woods, the villagers blame the clan. Such is the premise of this story of 15-year-old Miles Sheen and his 13-year-old sister, Hanna, who are determined to break the family curse. The action tracks between two linked worlds, as Miles is drawn into the Otherworld in pursuit of the Shriker, and Hanna follows. Carey delivers an eerie, atmospheric tale, full of terror and courage, set in a convincingly realized magical realm. *Sally Estes*
