Editorial Review

Review

My congratulations for a marvelous publication - an enormous contribution to our trade. -- *Helmut Keller, Philadelphia*

Thank you for making such a valuable resource available to the violin world. -- *Amos Hargrave*

This book should rapidly become a vital reference work for violin makers everywhere. -- *The Violin Society of America, Newsletter September 1989*

What a help for the future generation when at 60 like me, I am still amazed. -- *Bernard Millant, Paris*

You have truly made a tremendously interesting work, which will be of value to all violin makers. -- *Mads Hjort, Denmark*

From the Publisher

This book presents the art and science in violin repair in a clear step-by-step manner. Co-authored by Hans Weisshaar and Margaret Shipman, the manual has gained a world wide reputation as the standard bearer in its craft. It is hardbound and contains 41 chapters, 125 photographs, 60 drawings and 18 patterns.

From the Author

Hans Weisshaar and I took on the big project of *Violin Restoration* because there had never been a comprehensive working manual written in our field. Nine years, 42 chapters of step-by-step instruction and 18 patterns later, it was available in the summer of 1989. We thought that the 2000 copies we printed would satisfy the world market for restoration. What we had *not* realized is how much of it can be applied in new making and in everyday "set up" work-- making bridges, planing fingerboards, etc.

So as the years have passed, proprietors of shops that sell trumpets as well as violins have been asked by their string repairmen to invest in this book. It is heartwarming to see that as we intended, our book is really turning out to be what we had hoped it would be--a gift to our craft.
