### Editorial Review

From the Back Cover

#### **Learn all about your camera and how to shoot, edit, and share great photos**

In your Nikon D7000, you have top-of-the-line features that can make you a better photographer. Don't waste a single one! This friendly guide makes it easy to fine-tune focus, use all the camera modes, master exposure, prepare your camera to shoot different types of scenes, and move beyond snapshots to really professional photos.

- Decipher the dials — learn your way around every control and mode and take advantage of what each has to offer
- Go from auto to pro — take better pictures right away in the Auto and Scene modes, and then step up to semi-auto and manual modes for even more photographic power
- And. . . action! — discover how to use the D7000's advanced video features to record and edit HD movies
- Take control — balance ISO, aperture, and shutter speed for ideal exposure; manipulate depth of field; and learn to manage color
- Print perfection — after the shot, transfer images to your computer, process Raw files, produce stunning prints, and share pics online

#### **Open the book and find:**

- Details about setting up your camera
- How to get the most from the powerful autofocus system
- Hints on balancing the elements of exposure
- Help with Live View photography
- Tips on understanding and managing white balance
- Ten cool features of the Retouch menu
- How to capture better portraits, landscapes, and action shots
- Tricks for taking better flash photos

#### **Learn to:**

- Adjust your camera's settings to capture any scene like a pro
- Master the D7000's autofocus and autoexposure systems for improved images
- Use your camera's video option to capture full HD videos

#### **About the Author**

**Julie Adair King** has been writing about digital photography since her first edition of *Digital Photography For Dummies* in 1997. She has written numerous books on Nikon and Canon cameras, and she conducts digital photography classes at the Palm Beach Photographic Centre.

### Users Review

**Herbert Gist:**

As a scholar exactly feel bored to be able to reading. If their teacher questioned them to go to the library or even make summary for some publication, they are complained. Just minor students that has reading's soul or real their hobby. They just do what the trainer want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that reading through is not important, boring and also can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this Nikon D7000 For Dummies can make you really feel more interested to read.
