Editorial Review

About the Author

Marcia Nahikian Nelms is currently a professor of clinical health and rehabilitation sciences and director of the dietetic internship in the Division of Medical Dietetics-College of Medicine at Ohio State University and a registered dietitian. She has practiced as a dietitian and public health nutritionist for over 25 years. Her clinical expertise centers on the development and practice of evidence-based nutrition therapy for a variety of conditions including diabetes, gastrointestinal diseases, and hematology-oncology for both pediatric and adult populations, as well as the development of alternative teaching environments for students receiving their clinical training. She is the lead author of *Nutrition Therapy and Pathophysiology* (2016) and *Medical Nutrition Therapy: A Case Study Approach* (2014), both published by Cengage Learning. In addition, she has contributed to the Academy of Nutrition and Dietetics Nutrition Care Manual sections on gastrointestinal disorders and is the author of numerous peer-reviewed journal articles and chapters for other texts. Dr. Nahikian Nelms has received the Governor's Award for Outstanding Teaching for the State of Missouri, the award for Outstanding Dietetic Educator in Missouri and Ohio, and the PRIDE award from Southeast Missouri State University in recognition of her teaching.

Dr. Sucher received her bachelor's and master's degrees from the University of California and her ScD from Boston University Medical Center in Nutritional Science. She recently retired from San Jose State University, where she taught medical nutrition therapy and was the dietetic internship director for 20 years. In addition to her research interest in nutrition therapy, she is also a recognized authority on how diet, health, and disease are affected by culture/ethnicity and religion. Dr. Sucher has published newsletters, numerous articles, and textbooks on this subject. She is also the coauthor of *Nutrition Therapy and Pathophysiology*, 3e (Cengage Learning 2016) and *Food and Culture*, 6e (Cengage Learning 2012).

Users Review

From reader reviews:

Malcolm Lee:

Do you have favorite book? In case you have, what is your favorite's book? E-book is very important thing for us to learn everything in the world. Each publication has different aim or goal; it means that reserve has different type. Some people feel enjoy to spend their time and energy to read a book. They are really reading whatever they get because their hobby is usually reading a book. What about the person who don't like studying a book? Sometime, person feel need book once they found difficult problem or even exercise. Well, probably you will need this *Nutrition Therapy and Pathophysiology*.

Francis Mason:
