**¿Tiene porvenir el socialismo? (Spanish Edition)** By Mario Bunge - Carlos Gabetta

Además de una teoría, el socialismo tiene una historia política concreta: de éxitos y fracasos. La actual crisis mundial, y las ineficaces respuestas planteadas, parecen indicar que vivimos un fin de época: la transición entre una forma de producir, intercambiar y repartir; una cultura en suma, que da signos de haber agotado su ciclo histórico, y otra cultura que asoma, pero debe concretar su forma, desarrollarse. En este sentido, el socialismo tiene aún mucho que decir. Las reiteradas frustraciones del liberalismo y el populismo ante su crisis, ahora instalada en los países desarrollados, el corazón del sistema, parecen despejar el camino de la alternativa socialista. Ante esta oportunidad histórica, el debate torna pues a abrirse.
