An Introduction to Veterinary Medical Ethics: Theory and Cases By Bernard E. Rollin

One of the most difficult issues that confronts veterinarians and staff today concerns the profession's obligation to the animal and the sometimes conflicting demands from clients, peers and society. The veterinarian's role has become more complex with new ethical challenges posed by issues such as growing public awareness regarding animal welfare, increasing economic value of companion animals, growth of veterinary specialization, experimentation with alternative and complementary medicine, and concern for pain management and mental well-being of animals.

Written by an acknowledged pioneer in veterinary ethics, *An Introduction to Veterinary Medical Ethics* addresses the ethical challenges that veterinarians face daily as they seek to balance obligations to animal, client, peers, society and self. The book offers a highly readable and approachable introduction to the nature of ethical theory, reasoning and decision-making, and its practical application to veterinary medicine. Now with over 100 real-life veterinary case histories and analysis, this edition also includes new discussions of animal pain, distress and happiness, ethics of critical care, alternative medicine, legal status and value of animals, and Aesculapian authority.

An Introduction to Veterinary Medical Ethics: Theory and Cases, Second Edition is recommended as essential reading for all veterinary students and practitioners, as well as those interested in general animal welfare.

- New edition from an acknowledged pioneer in veterinary ethics
- Addresses ethical challenges that veterinary medicine, with over 100 real-life cases
- Includes new discussion of legal status and value of animals, alternative medicine, Aesculapian authority, ethics and critical care, and animal pain, distress and happiness
- Ideal for veterinary students and practitioners

Users Review

From reader reviews:

Trisha Sherman:

Book is usually written, printed, or descriptive for everything. You can know everything you want by a e-book. Book has a different type. As you may know that book is important point to bring us around the world. Beside that you can your reading expertise was fluently. A guide An Introduction to Veterinary Medical Ethics: Theory and Cases will make you to be smarter. You can feel a lot more confidence if you can know about every thing. But some of you think in which open or reading a new book make you bored. It's not make you fun. Why they can be thought like that? Have you searching for best book or suited book with

you?

Jesus Moreno:

Your reading sixth sense will not betray an individual, why because this An Introduction to Veterinary Medical Ethics: Theory and Cases publication written by well-known writer who really knows well how to make book which might be understand by anyone who all read the book. Written with good manner for you, still dripping wet every ideas and publishing skill only for eliminate your own personal hunger then you still question An Introduction to Veterinary Medical Ethics: Theory and Cases as good book not simply by the cover but also by the content. This is one publication that can break don't ascertain book by its deal with, so do you still needing yet another sixth sense to pick this kind of!? Oh come on your examining sixth sense already told you so why you have to listening to another sixth sense.

Robert Murphy:

Many people spending their period by playing outside with friends, fun activity together with family or just watching TV the whole day. You can have new activity to invest your whole day by examining a book. Ugh, you think reading a book can definitely hard because you have to use the book everywhere? It ok you can have the e-book, delivering everywhere you want in your Touch screen phone. Like An Introduction to Veterinary Medical Ethics: Theory and Cases which is getting the e-book version. So , why not try out this book? Let's view.

Gary Collis:

As a pupil exactly feel bored in order to reading. If their teacher asked them to go to the library or to make summary for some book, they are complained. Just minor students that has reading's spirit or real their leisure activity. They just do what the teacher want, like asked to the library. They go to generally there but nothing reading very seriously. Any students feel that reading through is not important, boring and can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this An Introduction to Veterinary Medical Ethics: Theory and Cases can make you truly feel more interested to read.
