Jennifer's life is reeling out of control.

But this is no game. What they have is real.

Still, even as events start to pull them close together, other events threaten to tear them apart.

A threat is revealed. People aren't who they appear to be. And then there is their arrangement. Once, she was Alex's employee, the one woman who was hired to make certain he wasn't distracted from his work. Even though they are now in a committed relationship, what will that mean for Jennifer when she agrees to become his employee again? Will their relationship survive a threat meant to end Alex's life? And another meant to end her life?

Or will their relationship fail under the pressure to keep him---and her--alive?
