Atrophy By Jess Anastasi

No one on Erebus escapes alive...

Twelve years on the prison planet Erebus makes a man long for death. The worst part for Tannin Everette is that he was framed for murder. He's *innocent*. When the ship *Imojenna* lands for emergency repairs, Tannin risks everything to escape...only to find himself face to face with the captain's undeniably gorgeous sister.

Zahli Sherron isn't planning on turning Tannin in. In fact, she actually *believes* him. Sure, he's sexy as every kind of sin, but he's no criminal--so she hides him. But no one escapes from Erebus and lives to tell about it. With every day that passes, Zahli further risks the lives of the entire crew...even as she falls in love with a man she can never have for herself.

The Atrophy series is best enjoyed in order:

Editorial Review

Review

5 stars "...fans of Firefly and Serenity! this is the series for you. Anyone who has ever craved for more of this space Western dramatelevision series + movie will LOVE Atrophy. **Rogue space bad boys, asskicking women, mysterious and evolved beings and of course let's not forget shape shifting aliens.** Everything your heart desires in an awesome series by Jess Anastasi." ~Ash P Reads, Goodreads

4 stars "**Better than Star Wars!** [...] There's humor, wit, loads of sarcasm plus action." ~Linda, Goodreads

5 stars "**Exciting, funny and romantic... I loved this book.** It is a sci-fiction packed with action and intrigue." ~Books Eater

4 stars "**Best science fiction romance book by Jess Anastasi that I have read.** If you loved Joss Whedon's Firefly series or his Serenity movie, then this is a book that needs to be on your radar." ~LiteratiLiterature Lovers, Goodreads

4 stars "There's a motley crew to get to know, multiple conflicts waiting to unfold, shady & tortured pasts to uncover and loads of unresolved sexual tension to strip away--all of which remind me of Firefly on steroids set in the ever-faulty Millennium Falcon, **full of cynical humor, spiffy dialogue, and all kinds of mad behavior.**" ~Unstuck Pages

5 stars "**Oh. My. Heck. This was a fantastic read!** [...] I was hugely satisfied with this book. I loved the characters, the ship they travel on (it definitely reminded me of Serenity and made me feel at home), and this new universe that is waiting to be further explored." ~Abby, Goodreads

5 stars "Great book filled with **action and suspense, outstanding characters** and the best part, it's a sci-fi romance." ~Jacque, The JeepDiva

4 stars "I think that Atrophy is the beginning book **in a promising series!**" - Mei, Goodreads

4.5 stars "The characters are strong, compelling and grab the reader's attention from the very beginning while the steady to fast paced and smooth flowing plot **thrills readers with lots of suspense, excitement and romance.**" ~Eva M., Goodreads

5 stars "**Atrophy is a pulse pounding action adventure romance.** This book has great characters, an awesome plot, and great writing. [...] I need to know what comes next for the crew of the Imojenna! This is a

great read, not to be missed."~Linda, Goodreads

Users Review

From reader reviews:

Timothy Payne:

Book is usually written, printed, or created for everything. You can understand everything you want by a e-book. Book has a different type. As it is known to us that book is important matter to bring us around the world. Next to that you can your reading ability was fluently. A book Atrophy will make you to end up being smarter. You can feel more confidence if you can know about every thing. But some of you think in which open or reading any book make you bored. It isn't make you fun. Why they may be thought like that? Have you trying to find best book or suitable book with you?

Georgia Evans:

The book Atrophy can give more knowledge and also the precise product information about everything you want. Exactly why must we leave the good thing like a book Atrophy? Some of you have a different opinion about e-book. But one aim in which book can give many details for us. It is absolutely appropriate. Right now, try to closer together with your book. Knowledge or facts that you take for that, you could give for each other; you are able to share all of these. Book Atrophy has simple shape nevertheless, you know: it has great and massive function for you. You can look the enormous world by open up and read a book. So it is very wonderful.

Ida Acord:

In this time globalization it is important to someone to receive information. The information will make a professional understand the condition of the world. The fitness of the world makes the information quicker to share. You can find a lot of referrals to get information example: internet, classifieds, book, and soon. You can see that now, a lot of publisher which print many kinds of book. The particular book that recommended for you is Atrophy this e-book consist a lot of the information of the condition of this world now. This particular book was represented just how can the world has grown up. The dialect styles that writer make usage of to explain it is easy to understand. Often the writer made some investigation when he makes this book. Here is why this book acceptable all of you.

Lisa Phelps:

Reading a reserve make you to get more knowledge from it. You can take knowledge and information originating from a book. Book is created or printed or illustrated from each source this filled update of news. On this modern era like currently, many ways to get information are available for you. From media social just like newspaper, magazines, science publication, encyclopedia, reference book, novel and comic. You can add your knowledge by that book. Are you hip to spend your spare time to open your book? Or just in search of the Atrophy when you necessary it?
