Complications of Vitreo-Retinal Surgery By Noemi Lois MD PhD FRCS(Ed), David Wong MD

In the ever-changing field of vitreo-retinal surgery, the factor that may best distinguish a great surgeon from a good one is the ability to avoid and manage complications.

Within the pages of *Complications of Vitreo-Retinal Surgery*, readers will discover the practical information ophthalmic surgeons need to address a wide range of intra- and postoperative complications associated with vitreo-retinal surgery. The text addresses a broad range of complications, occurring in both established and emerging surgical techniques.

Each potential complication is analyzed in detail, including information on pathogenesis and risk factors. Chapters are organized by potential complication, with each addressed by a single contributing author as if he/she is the surgeon on the case. While created specifically for vitreo-retinal surgeons, this book will provide useful information for other members of the surgical team as well as for general ophthalmologists, residents, and optometrists who see patients before and after vitreo-retinal procedures.

This handy reference delivers...

- **Detailed coverage** addresses specific complications related to scleral buckling, pneumatic retinopexy, and 20-, 23-, and 25-gauge vitrectomy
- **Expert contributors** offer advice on avoidance and management of each complication, and offer guideposts for projected clinical outcomes.
- **Bulleted points** deliver clinical pearls on the prevention and management of specific complications.
- **Real-world clinical scenarios** provide practical, stepwise guidance in the management of each issue.

Editorial Review

Users Review

From reader reviews:

Michelle Sanders:

Do you have favorite book? If you have, what is your favorite's book? Book is very important thing for us to understand everything in the world. Each guide has different aim as well as goal; it means that publication has different type. Some people sense enjoy to spend their the perfect time to read a book. They can be reading whatever they take because their hobby is definitely reading a book. Why not the person who don't like examining a book? Sometime, man feel need book after they found difficult problem as well as exercise. Well, probably you'll have this Complications of Vitreo-Retinal Surgery.

Kristy Douglas:

Information is provisions for individuals to get better life, information today can get by anyone on everywhere. The information can be a expertise or any news even a huge concern. What people must be consider while those information which is from the former life are difficult to be find than now is taking seriously which one is acceptable to believe or which one often the resource are convinced. If you find the unstable resource then you have it as your main information it will have huge disadvantage for you. All of those possibilities will not happen with you if you take Complications of Vitreo-Retinal Surgery as your daily resource information.

Rodney Bell:

The e-book with title Complications of Vitreo-Retinal Surgery has lot of information that you can learn it. You can get a lot of advantage after read this book. That book exist new expertise the information that exist in this book represented the condition of the world currently. That is important to you to understand how the improvement of the world. This kind of book will bring you with new era of the the positive effect. You can read the e-book in your smart phone, so you can read this anywhere you want.

Randolph Urban:

As a scholar exactly feel bored for you to reading. If their teacher inquired them to go to the library in order to make summary for some guide, they are complained. Just tiny students that has reading's heart and soul or real their hobby. They just do what the trainer want, like asked to go to the library. They go to right now there but nothing reading very seriously. Any students feel that studying is not important, boring as well as can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we want. Likewise word says, many

ways to reach Chinese's country. Therefore , this Complications of Vitreo-Retinal Surgery can make you feel more interested to read.
