Illustrated Guide to the NEC (Illustrated Guide to the National Electrical Code) By Charles R. Miller

ILLUSTRATED GUIDE TO THE NATIONAL ELECTRICAL CODE 5E provides readers with a unique approach to mastering the Code, using highly-detailed, technically-accurate illustrations and visuals to break down and simplify the expanding volume and complexity of the 2011 National Electrical Code. By translating the sometimes vague, complicated wording of the Code into straightforward illustrations and clear explanations, this book provides a resource that will facilitate comprehension and application of Code requirements for beginning and master electricians alike. Material is organized logically, covering fundamental provisions first, then grouping code requirements by the type of occupancy, beginning with one-family dwellings and progressing on to multi-family housing, commercial locations, and special occupancies. This organization also reflects how information is needed when working in the electrical industry, better preparing readers for the real world. The fifth edition of ILLUSTRATED GUIDE TO THE NATIONAL ELECTRICAL CODE discusses the new Code changes and shows some of these Code changes through new illustrations while incorporating other Code changes into existing illustrations. Its comprehensive coverage, innovative learning approach, and industry-based organization make this an indispensable supplement to the NEC whether readers need information on a specific area or need to learn the complete Code.

Editorial Review

Review

"The only improvement that I can see that could be made to this text is possible color illustrations." Marvin Moak, Hinds Community College

About the Author

For 18 years, Charles R. Miller owned and operated a successful commercial electrical contracting company (Lighthouse Electric Co., Inc.) in Nashville, Tennessee. Now an accomplished author and educator, Mr. Miller specializes in leading customized seminars on the National Electrical Code (NEC), as well as National Fire Protection Association (NFPA) 70E. Class and seminar attendees have included employees of companies such as Ford, A. O. Smith, and The Aerostructures Corporation, as well as academic institutions such as Tennessee State University, Vanderbilt University, and Purdue University. Mr. Miller also wrote and illustrated the monthly "Code In Focus" column in ELECTRICAL CONTRACTOR MAGAZINE, and he co-hosted a home improvement radio talk show in Nashville for more than three years.

Users Review

From reader reviews:

Christi Potter:

Spent a free the perfect time to be fun activity to accomplish! A lot of people spent their sparetime with their family, or their particular friends. Usually they accomplishing activity like watching television, gonna beach, or picnic within the park. They actually doing same task every week. Do you feel it? Do you wish to something different to fill your free time/ holiday? Might be reading a book is usually option to fill your totally free time/ holiday. The first thing that you ask may be what kinds of publication that you should read.
