Lighting Design For Modern Houses Of Worship By Richard Cadena

(Book). Starting with the basics and progressing through the details of advanced lighting design, this guide covers everything from lighting metrics (the measurement of light) to the classic approach to lighting and the all-important "jewel" lighting method commonly used where video is an important aspect of the production. It also addresses the study of aesthetics of lighting, including the use of diffusion and a detailed analysis of color theory and how it applies to lighting design.
