On the Trail of the Nephilim, Volume 1 (On the Trail of the Nephilim, Giant Skeletons & Ancient Megalithic Structures) By L.A. Marzulli

L.A. Marzulli has written this latest book. What you are about to read is not the stuff of science fiction. It's not a fantastic fable or the musings of an overzealous archaeologist. It's straight out of the pages of the Bible. The 120+ pictures displayed within this volume have not been altered in any way. What you are about to see is truly ground-breaking revelation--an unparalleled discovery that may leave you in stunned silence. This book is the culmination of a lengthy search for the physical evidence of the Nephilim, the Giants of Old Testament lore. A significant cover-up has taken place over the years, reducing these double digit, gigantic hybrids to the dustbins of history. But make no mistake about it--they were there. Hundreds of excavated graves scattered throughout the world provide evidence of their genetic abomination--the product of the breeding of heavenly angels with the women of Earth during the days of Noah. These ancient builders left behind evidence of their supernatural strength and technological know-how. Their massive, megalithic structures are legendary and evidence of Nephilim architecture abounds worldwide. Marzulli and a team of scientist, archaeologists and scholars traveled to the jungles of a foreign land, perhaps the only place where they could gain access to the unspoiled evidence of this genetic manipulation--PERU--toppling perhaps the greatest cover-up in mankind's bizarre history.
