**Pirate Captain (The Pirate Captain, Chronicles of a Legend Book 1) By  
Kerry Lynne**

**The Pirate Captain, Chronicles of a Legend, "Nor Silver"** is the first book in the series of the life and times of Captain Nathanael Blackthorne's. The Pirate Captain series is a historical pirate fiction action/adventure saga with a twisted love story and answers the question of what would one man do to **"Keep his Treasure"!**

Having lost hearth and heart to the Stuart Uprising, Cate Mackenzie, a fugitive war criminal, purchases passage on a ship bound for the West Indies. En route she is kidnapped-a case of mistaken identity-by Captain Nathanael Blackthorne, the Pirate Captain. Accustomed to blood musket and cannon, life aboard the pirate ship isn't the hell Cate expects.

Cate is instantly drawn into Nathan's bloody rivalry against Lord Breaston Creswicke-the man who forced Nathan into piracy-and Commodore Roger Harte, Creswicke's puppet. They are an "unholy alliance" of ambition and power, Nathan a rat terrier on their heels. The impending arrival of Creswicke's fiance is too much temptation. This is a story of two scarred people, blinded by their defenses.

It's the story of trust, or rather, the lack of. It's the story of a loss of faith and disbelief that Providence might ever smile again.

### Editorial Review

#### Review

**"A Diamond in the Treasure Trove"** The Pirate Captain bears many resemblances to Diana Gabaldon's Outlander series that I would almost call it **"Outlander: the Pirate edition.- Romantic Historical Review, Goodreads, Emery Lee**

"The **Pirate Captain** unfolds in visual images rather than being just words on the page. While a thread of romance runs through this tale, The Pirate Captain is not a romance. It's a gritty novel of piracy and the sea that's realistically told in such a way that transports the reader back in time." - **Pirates and Privateers, Cindy Vallor**

**Seriously, it's like *Outlander* but with pirates!** from the article: **Books to read if you like Outlander; quote from bustle.com - Crystal Paul**

#### From the Author

**The Pirate Captain series is not for the "kiddies"** it is a **realistic historical take on the lives of pirates in 1753: a violent, deadly and unforgiving world, full of hate and passion.** To my delight Captain Blackthorne is winning over a world-wide audience below is a comment from a reader in France..

Kerry Lynne has create a real substantive work that sticks close to reality. The story is told through the heroine who understands nothing in navigation which allows us to discover and understand the complexity of such an organization. She is neither a superhero, just a woman with fears, doubts, strengths and weaknesses.

Clearly meeting the only female element amidst a crew of nearly two hundred pirates, at a time when a woman on a ship brought bad luck, will cause a few worries and a lot of setbacks.

The love story is touching because it is centered around two people who no longer believe neither in love nor in the possibility to be happy.

The **Pirate Captain** is extremely disturbing, enigmatic, his past comes to us by fragments.

**"Nor Silver"** Conclusion: This is a story full of adventures, passions, discoveries and disappointments. The end left me on my knees, I almost starting to swing my reading light but whew ... There is a sequel!

#### From the Inside Flap

#### **"Nor Silver"**

**...for not all treasure does silver or gold make.**

*"Me hair is silver and me bonesbreak, Wisdom of the ages you seek, lad?*

*I offer but one word: treasure.*

*At what price does this treasure come, you ask, for not all does silver and gold make?*

*To pose the question means you've not found yours,*

*for when you do, 'tis no longer a question of the cost to keep it.*

*'Anything' becomes your creed."*
