

Howard Gardner Under Fire: The Rebel Psychologist Faces His Critics

From Brand: Open Court

Howard Gardner Under Fire: The Rebel Psychologist Faces His Critics

From Brand: Open Court

Thirteen critical essays challenge Howard Gardner's theories of multiple intelligences, ability traits, U-shaped curves in development, and other psychological concepts of spirituality, creativity, and leadership. All are answered by Gardner himself, and his pungent replies, coupled with the essays, create a provocative, no-holds-barred debate. Also included are an intellectual autobiography and bibliography.

Editorial Review

Review

"A lively and thoughtful presentation of Howard Gardner's ideas along with well considered criticisms of them by leading scholars." -- *Jerome Bruner, Author of Acts of Meaning*

"This examination of Gardner's wide-ranging and influential ideas provides a dazzling intellectual banquet." -- *Mindy Kornhaber, Co-author of Multiple Intelligences: Best Ideas from Research and Practice*

About the Author

Howard Gardner is the John H. and Elisabeth A. Hobbs Professor of Cognition and Education at the Harvard Graduate School of Education. He also holds positions as Adjunct Professor of Psychology at Harvard University, Adjunct Professor of Neurology at the Boston University School of Medicine, and Senior Director of Harvard Project Zero. The author of over twenty books translated into twenty-six languages, and several hundred articles, Gardner is best known in educational circles for his theory of multiple intelligences (MI), a critique of the notion that there exists but a single human intelligence that can be assessed by standard psychometric methods. His recent books, available in paperback, are *The Disciplined Mind: Beyond Facts and Standardized Tests, the K-12 Education that Every Child Deserves* (2000) and *Intelligence Reframed: Multiple Intelligences for the 21st Century* (1999). In 2004, two new books were published: *Changing Minds: The Art and Science of Changing our Own and Other People's Minds* and *Making Good: How Young People Cope with Moral Dilemmas at Work* (with Wendy Fischman, Becca Solomon, and Deborah Greenspan).

Dr. Jeffrey A. Schaler is a psychologist, psychotherapist, teacher, and writer. He wrote *Addiction Is a Choice* (2000), which became the centerpiece of a controversial John Stossel TV documentary. Dr. Schaler teaches in the Department of Justice, Law, and Society at American University's School of Public Affairs in Washington, D.C. He is Executive Editor of *Current Psychology: Developmental, Learning, Personality, Social*. His edited volumes include *Peter Singer Under Fire* (2007), *Szasz Under Fire* (2004), *Drugs: Should We Legalize, Decriminalize, or Deregulate?* (1998), and *Smoking: Who Has the Right?* (with Magda E. Schaler, 1998).

Users Review

From reader reviews:

Matthew Siller:

What do you concentrate on book? It is just for students because they are still students or it for all people in the world, what best subject for that? Just you can be answered for that issue above.
