Motor Vehicle By T. K. Garrett, W. Steeds, N. Newton

The thirteenth edition of The Motor Vehicle features up-to-date information on vehicle technology. Completely updated, the book is organized into three major sections focusing on:

The Engine

The Transmission

The Carriage Unit

The new edition features three new chapters devoted to electric propulsion, static and dynamic safety, and wheel and tires. The book also contains expanded information on: the compression ignition engine; automatic, semi-automatic and continuously variable transmissions; braking and traction; and steering.

The Motor Vehicle provides practicing engineers, students, and car enthusiasts with a comprehensive reference to the car as we know it today. It is written in simple terms so that, despite the complexity of certain topics, readers will easily understand the concepts presented.

Editorial Review

Review

'This book has long been considered as one of the main reference books for all motor vehicle students no matter the level of their attainment and as reference material for lecturing staff.' Association of Motor Vehicle Teachers' Newsletter

From the Publisher

The Motor Vehicle has been an essential reference work for both the student and practicing engineer ever since the first edition appeared in 1929. Today it is as indispensable to anyone with a serious interest in the subject as it was then. The current edition has been revised to include coverage of material detailing the latest knowledge and practice relating to engine control, fuels, carburetion, super and turbo-charging and much more. The established layout of the book is retained, with topics relating to the Engine, Transmission and Carriage Unit dealt with in turn. Each chapter is well supported with diagrams, sections, schematics and photographs, all of which contribute to a clear and concise exposition of the material under discussion.

From reader reviews:

Wallace Long:

Here thing why this kind of Motor Vehicle are different and reputable to be yours. First of all examining a book is good but it really depends in the content than it which is the content is as delicious as food or not. Motor Vehicle giving you information deeper including different ways, you can find any reserve out there but there is no book that similar with Motor Vehicle. It gives you thrill reading through journey, its open up your own eyes about the thing this happened in the world which is possibly can be happened around you. You can actually bring everywhere like in park, café, or even in your method home by train. When you are having difficulties in bringing the branded book maybe the form of Motor Vehicle in e-book can be your alternate.

Erwin Fast:

Reading a guide tends to be new life style in this era globalization. With looking at you can get a lot of information that could give you benefit in your life. Along with book everyone in this world may share their idea. Textbooks can also inspire a lot of people. Plenty of author can inspire their reader with their story or even their experience. Not only situation that share in the ebooks. But also they write about the knowledge about something that you need example of this. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book that you can get now. The authors on this planet always try to improve their skill in writing, they also doing some study before they write to their book. One of them is this Motor Vehicle.

Gerald Conway:

You may spend your free time to study this book this e-book. This Motor Vehicle is simple to create you can read it in the area, in the beach, train and also soon. If you did not get much space to bring the particular printed book, you can buy the actual e-book. It is make you simpler to read it. You can save the actual book in your smart phone. Therefore there are a lot of benefits that you will get when you buy this book.

Nathan Osborne:

As a pupil exactly feel bored in order to reading. If their teacher expected them to go to the library as well as to make summary for some book, they are complained. Just small students that has reading's soul or real their passion. They just do what the professor want, like asked to the library. They go to presently there but nothing reading really. Any students feel that reading through is not important, boring and can't see colorful images on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore , this Motor Vehicle can make you feel more interested to read.
