Taking Control By Lucia Jordan

This is the first book in the 'Taking Control' Series, a seriously hot and provocative romance by Lucia Jordan, written in her signature style of high passion with searing depictions of sex and emotion.

Belle doesn't have time for many men—not only is she too absorbed in her work as a scriptwriter, but more often than not, she finds most men leave her completely unsatisfied and unwilling to learn how to please her. Until one evening, when her boss orders her to indulge in a night out, her submissive side is awakened when she watches a man, uncomfortable in the crowd but simultaneously giving off an aura of deep confidence.

He's irresistibly hot and physically tough, but there's also something vulnerable about him too...something she can't quite place. What Belle doesn't know is that Trip has a turbulent past and is haunted by troubling memories that he can't shake.

But Belle knows that her sexual preferences can be intimidating and is used to having her hopes dashed. Not willing to stand by and watch it happen again, she tries to turn Trip off her by revealing her need for strong willed man, who is willing to take control of the situation. It looks like Trip is not a man to give up easily when he's pursuing something—or someone—he truly desires. Will he submit to her wishes in order to become the Master of her desires? Will Trip allow his hidden dominant side to fully emerge?

This ebook contains very hot and explicit descriptions of romantic activity. Only mature readers should download this book.
