Editorial Review

From the Author

Are redheads cool or what? It's taken over ten years of research to find the facts and information that I present in this book - information that defines the redhead culture - without really identifying it. I didn't want to write a book that just listed names of redhead celebrities and famous people, although there are names of hundreds in the book. More interesting to me were the surveys and studies that show how redheads are perceived by others, and how they perceive themselves. I was also fascinated to find all the strange historical data concerning redheads, with contradicting folklore and fables. I'm proud to be a redhead myself, and I invite every redhead and redhead admirer to get The Redhead Encyclopedia to discover for themselves a truckload of neat information and little-known secrets about the flame-haired.

Users Review

From reader reviews:

Mark Gatling:

The book The Redhead Encyclopedia: The Complete Book on Redhead History, Facts, & Folklore can give more knowledge and information about everything you want. So why must we leave a good thing like a book The Redhead Encyclopedia: The Complete Book on Redhead History, Facts, & Folklore? Wide variety you have a different opinion about reserve. But one aim in which book can give many information for us. It is absolutely proper. Right now, try to closer together with your book.
