Editorial Review

About the Author

William spent his last two years of high school attending a private Christian Academy which is what lead him to continue on with his education and obtain a Bachelor of Arts Degree in Philosophy, with a concentration in knowledge, power, and control. His books include The Great Deception The Calm Before The Storm, being his first book, followed by The Great Deception 2036, Concealed Within Secrecy, Watchers The Fallen Angels, and New World Order, his latest, which is an edited and re-published version of Concealed Within Secrecy that is no longer in print. William has traveled to many of the locations that he mentions in his books to investigate the truth for himself, and he has researched further on the subject matter, which he states will be a life-times work. He has come to the conclusion that there is a select group of super-powerful and extremely-wealthy families who control every government in the world. William has written and published his books to open the eyes of the general population who want to be enlightened to the truth, and the truth is the world has been deceived by an elite group who have been called by many names throughout history, but are known today as the Illuminati, who are led by Lucifer. Within the pages of his books William reveals the greatest deception ever orchestrated.
