**Fearless (The Story of Samantha Smith #1) (Volume 1) By Devon Hartford**

FEARLESS is the first in a completed trilogy of full length novels.

At the age of sixteen, Samantha Smith's innocence was shattered in the blink of an eye. She kept the pain to herself for three years, burying her terrible secret beneath black clothes and black makeup, afraid to tell anyone. The price for her silence was the loss of her happiness and all of her friends.

After moving from stuffy Washington D.C. to laid back San Diego, where Samantha is now a freshman at San Diego University, she is determined to find new friends and reclaim her optimistic spirit. Having thrown away her goth exterior, she hopes that her new sunny look will heal her wounds.

Dreaming of adventure, she wishes to escape the humdrum middle-class existence that has repressed her fiery nature for as long as she can remember. But her parents are pressuring her to major in Accounting because it's the safe thing to do.

Samantha secretly considers ditching the business major to study Art, a choice that would horrify her parents if they ever found out. When Samantha crosses paths with a troubled, handsome, tattoo-clad bad boy, her life spins into overdrive, and Samantha finds herself with more adventure than she ever dreamed possible.

CONTENT WARNING: Due to sexual situations and strong language, this novel may not be appropriate for readers under 18.

### **Editorial Review**

#### **About the Author**

A lot of people ask me, "Why is a guy writing romance novels for women?" The answer is simple. Everyone falls in love. Even Men. Imagine that. ;-) Of course, I'm half-joking, but also half-serious. Most men behave as if they have no emotions and certainly never--GASP!--talk about them. Men control their emotions. No man is a man if he lets his emotions get the best of him, right? Men conquer their emotions. Hardly.

Emotions are as much a part of a man's human experience as they are a woman's. I'm sure the specifics are as different as individual people can be. But if a man wants to have a complete experience as a human being, he must embrace his emotional nature and learn to understand it. What better way to explore emotions than to focus on stories centering around emotional experiences? Including the most intense emotional experience of all, love? Having read a slew of New Adult romances in the past year, I noticed again and again that these novels dealt with the repressed pain of emotional scars and how love can help heal our wounds. Everyone has emotional scars. Women and men. Everyone hopes to heal, and a loving relationship can be a conduit for both partners to heal together. My own stories feature characters who are on a quest to heal their pain. I believe this is a universal desire. It's my hope that readers of my stories may heal in some small way or gain some perspective regarding their own emotional wounds. --Devon
