### Flow Down Like Silver (Hypatia of Alexandria) By Ki Longfellow

From the dawn of history, countless women have marked their times in extraordinary ways. Women have been warriors, Pharaohs, popes, queens and kings, philosophers, poets, mathematicians, composers, painters, writers, revolutionaries and "witches."

But there was only one HYPATIA.

Brilliant, beautiful, accomplished and free, Hypatia of Alexandria was the last of the great Pagan teachers. Her brutal death at the hands of a Christian mob foretold the death of reason, of questioning, of reverence for nature, of the Goddess herself.

Following her acclaimed novel "The Secret Magdalene," Ki Longfellow now offers a stunning portrait of the life and death of Hypatia of Alexandria.

### Editorial Review

#### Review

"She has a very special bond with her subjects, almost as if she calls them back from the dead to hear and write their stories...the words are so precise and so vivid." --Michelle Moran, author of "Nefertiti," "Cleopatra's Daughter," & "The Heretic Queen"

"Put down the book and was shocked to find myself at home--so magical to be transported back to hear, see, feel, taste and smell Alexandria as if I were there. Beautifully orchestrated. Had me on the edge of my seat." --Nancy Savoca, Sundance Grand Jury prize award winning filmmaker

"A feast for the spirit and the mind, set in the dying flames of the ancient world." --Margaret George, author of "The Memoirs of Cleopatra," and "Mary, called Magdalene."

#### From the Publisher

Hypatia was a privileged Greek born and raised in Alexandria, Egypt, the daughter of the city's leading mathematician, Theon of Alexandria. She was not merely bright or gifted, she was a mathematical and philosophical genius and her work was once found in every library in the ancient world. Immediately after her early death, every book she wrote or commented on was made to "disappear." If there were works written about her during her lifetime or soon after, they also disappeared. To know anything at all about Hypatia of Alexandria, today's scholars depend on the efforts of other men writing long after her death, and none of these used original source material simply because there wasn't any...or more accurately, there was very little and none of it in her own hand. Lacking anything else, older "scholars" resorted to hearsay and tradition and the ardent attempts of Christian apologists to whitewash what was very black indeed. Only her most devoted student left us first hand information in the form of letters to his beloved teacher, Hypatia. In them we see a Bishop of the Christian Church besotted with a Hellenistic mind, perhaps even a Hellenistic body. His need for her attention and respect overflows his pages. His complaints ("...you don't answer, you leave me alone, bereft, lost without the sound of your exalted voice or the sight of your exalted words") tells us that her time was filled with teaching and studying and the constant visits of important men whose first task upon reaching Alexandria was an audience with Hypatia.

We have what we think of as "facts." Virtually all of these facts are taken from writers working with the Suda, a 10th century encyclopedic lexicon, much of which was culled from Christian sources. To imagine that a learned teacher of ancient mysteries was distainful of the delights of the body stems from those who lived in a later time where virtue meant chastity. In Hypatia's time chastity was rare and laughable. Those who practiced it were the small but growing number of desert ascetics who believed that abusing and neglecting the body pleased their god.

But one thing is true and undeniable: Hypatia was murdered. Brutally, publically, and shamefully.

Hypatia wore a philosopher's robe as a male would. She drove her own chariot, sailed her own boat, rode blooded horses alone out into Alexandria's encircling deserts. She stood before thousands when she spoke, and being both young and lovely, knew many men. Before she was twenty, she surpassed her famous father in mathematics and astronomy.

To some she was a witch, deserving of her fate. To some, her death signaled the end of Hellenism, of reason, of asking questions and searching for answers. To some, she was criminally put to death at the hands of

fanatical Christians and their jealous bishop. To some, her murder was mere bad luck: wrong place, wrong time. And some wish to believe she was the last of the "pure" scientists. Whatever pure science is, it did not exist in 400 CE. Mathematics mingled with divination, cosmology and astronomy went hand in hand with astrology. Alchemy was a secret "science" that did indeed work with the transmutation of metals, but its deeper truer purpose was the transmutation of the spirit. In the mystery teachings, and Hypatia was a leading teacher of the ancient mysteries, alchemy was practiced with her inner circle in an attempt to reach the Divine.

Ki Longfellow, author of the acclaimed "The Secret Magdalene," has now written the astonishing life of Hypatia, famed throughout the Mediterranean world, a beauty and a genius, yet for 17 centuries ignored by history. As the Roman Empire fights for its life and emerging Christianity fights for our souls, Hypatia is the last great voice of reason. A woman of sublime intelligence, Hypatia ranks above not only all women, but all men. Hypatia dazzled the world with her brilliance, was courted by men of every persuasion and was considered the leading philosopher and mathematician of her age...yet her mathematics, her inventions, the very story of her life in all its epic and dramatic intensity, has gone untold. A heart-breaking love story, an heroic struggle against intolerance, a tragedy and a triumph, Hypatia walks through these pages fully realized while all around her Egypt's Alexandria, the New York City of its day, strives to remain a beacon of light in a darkening world.

#### From the Author

With the publication of **Flow Down Like Silver, Hypatia of Alexandria**, Ki Longfellow is now at work on the third and last in this series, **The Woman Who Knew the All**, a life of the Magdalene after the death of Jesus.

### Users Review

#### From reader reviews:

##### **Leta Welter:**

Have you spare time to get a day? What do you do when you have more or little spare time? Yep, you can choose the suitable activity with regard to spend your time. Any person spent their particular spare time to take a walk, shopping, or went to the Mall. How about open as well as read a book eligible Flow Down Like Silver (Hypatia of Alexandria)? Maybe it is to get best activity for you. You realize beside you can spend your time together with your favorite's book, you can more intelligent than before. Do you agree with the opinion or you have additional opinion?

##### **Jacqueline Lewis:**
