### Formula 1 Technology (Premiere Series Books) By Peter G. Wright

Author Peter Wright identifies and outlines five parameters -- Power, Weight, Tire Grip, Drag and Lift -- and shows how each can be maximized. In addition, he describes the variety of technologies (including those that have been banned over the years) that are involved, not just in the makeup of the Formula 1 cars, but also in the component manufacturing, systems testing, and the actual racing of the cars.

## **Editorial Review**

### **About the Author**

Peter Wright has been involved with Formula 1 for 35 years. He has worked directly for Formula 1 teams, and has also worked on relevant technologies, including aerodynamics, composites and closed-loop control systems. He has seen first-hand the most technically stimulating and challenging period, and has seen the industry grow in size and sophistication.

## **Users Review**

### **From reader reviews:**

#### **Genoveva Johnson:**

Reading a publication tends to be new life style within this era globalization. With reading through you can get a lot of information which will give you benefit in your life. Along with book everyone in this world may share their idea. Books can also inspire a lot of people. A lot of author can inspire their own reader with their story as well as their experience. Not only situation that share in the textbooks. But also they write about advantage about something that you need example. How to get the good score toefl, or how to teach your children, there are many kinds of book that exist now. The authors on earth always try to improve their expertise in writing, they also doing some exploration before they write for their book. One of them is this Formula 1 Technology (Premiere Series Books).

#### **David Shields:**

Playing with family in the park, coming to see the sea world or hanging out with close friends is thing that usually you will have done when you have spare time, after that why you don't try matter that really opposite from that. 1 activity that make you not experience tired but still relaxing, trilling like on roller coaster you have been ride on and with addition info. Even you love Formula 1 Technology (Premiere Series Books), you are able to enjoy both. It is excellent combination right, you still need to miss it? What kind of hang type is it? Oh can occur its mind hangout people. What? Still don't have it, oh come on its identified as reading friends.

#### **Linda Doyle:**

Reading a book to become new life style in this calendar year; every people loves to read a book. When you learn a book you can get a lots of benefit. When you read textbooks, you can improve your knowledge, since book has a lot of information into it. The information that you will get depend on what sorts of book that you have read. If you wish to get information about your research, you can read education books, but if you act like you want to entertain yourself look for a fiction books, such us novel, comics, in addition to soon. The Formula 1 Technology (Premiere Series Books) provide you with a new experience in reading through a book.

**Barbara Kyle:**

Do you like reading a reserve? Confuse to looking for your best book? Or your book ended up being rare? Why so many query for the book? But any kind of people feel that they enjoy to get reading. Some people likes looking at, not only science book but also novel and Formula 1 Technology (Premiere Series Books) or perhaps others sources were given expertise for you. After you know how the truly great a book, you feel wish to read more and more. Science e-book was created for teacher as well as students especially. Those books are helping them to add their knowledge. In different case, beside science publication, any other book likes Formula 1 Technology (Premiere Series Books) to make your spare time much more colorful. Many types of book like this.
