Home Work: Handbuilt Shelter By Lloyd Kahn

Home Work is our sequel to *Shelter* and illustrates new and even more imaginative ways to put a roof over your head, some of which were inspired by *Shelter* itself. What *Shelter* was to '60s counterculture, *Home Work* is to the "green building revolution," and more. From yurts to caves to tree houses to tents, thatched houses, glass houses, nomadic homes, and riverboats, each handbuilt dwelling finds itself at one with its environment, using natural materials.

Master builder Louie Frazier's Japanese-style pole house in Northern California, reachable on a 500-foot cable across a river / Ian MacLeod's handbuilt stone house in South Africa, where baboons jump on the roof at night / Ma Page's bottle house in the Nevada desert / Artist Michael Kahn's semi-subterranean sculptural village in Arizona / Bill and Athena Steen's strawbale houses / Ianto Evans' cob houses in Oregon / The Archlibre group of countercultural builders in the French Pyrenees / Bill Coperthwaite's spectacular 3-story yurt in the Maine woods / Bill Castle's finely-crafted log home and sauna in the NY Appalachians / a commune in the Tennessee mountains / The "Flying Concrete" brothers in Mexico and their far-out sculptural structures / Barns in California, Washington, and Connecticut / Photo-essays of Lloyd Kahn's trips to Nevada, the Mississippi Delta, Costa Rica, Nova Scotia, and Baja California / Photos of buildings all over the world by photographers Yoshio Komatsu and Kevin Kelly / and much more

Editorial Review

Users Review

From reader reviews:

Maria Bruns:

What do you think of book? It is just for students since they're still students or that for all people in the world, exactly what the best subject for that? Just you can be answered for that question above. Every person has distinct personality and hobby for every other. Don't to be forced someone or something that they don't want do that. You must know how great along with important the book Home Work: Handbuilt Shelter. All type of book are you able to see on many options. You can look for the internet solutions or other social media.

Darla Kemp:

Reading a book to become new life style in this season; every people loves to go through a book. When you examine a book you can get a lot of benefit. When you read publications, you can improve your knowledge, due to the fact book has a lot of information into it. The information that you will get depend on what forms of book that you have read. If you would like get information about your analysis, you can read education books, but if you act like you want to entertain yourself you are able to a fiction books, these kinds of us novel, comics, along with soon. The Home Work: Handbuilt Shelter will give you new experience in reading a book.

Rose Duprey:

As a scholar exactly feel bored to help reading. If their teacher requested them to go to the library or even make summary for some guide, they are complained. Just minor students that has reading's heart or real their leisure activity. They just do what the educator want, like asked to the library. They go to at this time there but nothing reading very seriously. Any students feel that reading through is not important, boring in addition to can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Home Work: Handbuilt Shelter can make you experience more interested to read.

Violet Jarrell:

Reading a book make you to get more knowledge from this. You can take knowledge and information from a book. Book is published or printed or descriptive from each source that filled update of news. Within this modern era like now, many ways to get information are available for a person. From media social just like newspaper, magazines, science reserve, encyclopedia, reference book, fresh and comic. You can add your

understanding by that book. Are you ready to spend your spare time to spread out your book? Or just seeking the Home Work: Handbuilt Shelter when you required it?
