**Human Design, Rave I'Ching Card Deck** By Lynda Bunnell, editor: Bethi Black, Artist: Kate McCavitt (Original work: Ra Uru Hu)

Lynda Bunnell, Director of the International Human Design School, has created the first Rave I'Ching Card Deck as a companion to The Definitive Book of Human Design. This is a wonderful addition to the growing library of Human Design materials. Filled with the beautiful images of artist Kate McCavitt, there are many different ways these cards can be used to illuminate our everyday lives as we journey through this experiment to learn who we truly are. The deck can be used as an intuitive and interactive tool for learning more about the Gates and Lines of the Rave I'Ching, which are described in detail in The Definitive Book of Human Design, or to unlock our own recognitions and intuitions about ourselves and others as well. For the first time in this phase of our evolution - we have an opportunity to understand the mechanics of how life really works in these physical forms we inhabit. Human Design shows us precisely how to live as our unique authentic selves, illuminating how we can tap into our personal genetically wired authority as a guiding light for our everyday lives. And, how we can allow our personal authority to take us perfectly into our individual life purpose. A principal component of the system are the 64 Hexagrams of the I'Ching - which correspond to the 64 codons of our DNA - our genetic map to who we are, and how we flow with life and interact with others. As part of this new system, Ra Uru Hu, its creator, also designed a Human Design Rave I'Ching, giving us profound detail about every aspect of what it means to be human beings. (the hexagram chop is missing on gate 45).
