### Editorial Review

From Library Journal

Quick with both sword and wit, Vlad Taltos makes his way through the world of Dragaera as an assassin, aided by a small talent for magic and a lizard-like jhereg companion. Collecting the first three novels in Brust's Vlad Taltos series (e.g., *Jhereg*), this volume serves as a good introduction to the adventures of the author's archly sophisticated, wryly humorous hero. Recommended for libraries that do not already own the individual titles included.
