Editorial Review

Review

"Armies of Germany is a supplement that allows German players advanced options to build their armies. It provides all the information needed to build a force specific to a certain time period of the war, all the way down to specific battles and encounters fought by the German army. The book itself is full color, with beautiful photographs featuring Warlord Games Bolt Action miniatures, as well as pictures of uniforms and vehicles that fans of Osprey Publishing's other books will be quite familiar with. Just like the main rulebook, Armies of Germany also features historical accounts of the Germans in action throughout the book." --*War Games Magazine*

"...a book that any gamer who is using the Warlord Games Bolt Action miniaure rules must have. It is an invaluable reference source that will help the gamer put together his German army. The brief historical background and explanations of the units make for enjoyable reading." --Richard Mataka, www.mataka.org
